## U.S. Air Force, NASA officials visit Marshall Monday

**M**aj. Gen Robert Hinson, director of Operations, U.S. Air Force Space Command; Christine Anderson, director, Vehicle Systems at Air Force Research Laboratory; and other senior Air Force and NASA officials are visiting Marshall Monday. They will be given briefings on the Space Transportation Program, Advanced Space Transportation, Future X and the X-37, Heavy Lift Booster Concepts, Optics Manufacturing Technology and process cooperation. The group then will visit the Productivity Enhancement Complex and the X-ray Calibration Facility.

## Marshall's new staffing plan on 'Inside Marshall' Monday

## March is Women's History Month

## Driveways, alleys between Bldgs. 4610 and 4613 closed for excavation

**E**xcauation is in progress from the southwest corner of the cafeteria at Bldg. 4610 to Bldg. 4613, located between the B and C wings of Bldg. 4612. The driveway and alley in this area will be barricaded until new chill water pipes are placed. This will block vehicle and pedestrian traffic between buildings 4610 and the 4612 B wing.
